

Accessing the On Air Logger Via Flashback

To select and save audio from the Logger follow these steps:

1. Click on **Flashback8** icon on desktop
2. Select **Station**
3. Click on **Date** or use arrows to go back or forward from month to month
4. Choose how much audio is displayed on the screen by selecting **Day, Hour, 10 Min** or **Min**
5. Choose **Start Time** by scrolling arrows for clock or typing in the time into each box then press Enter. It uses a 24 hour clock eg 7pm will be 19 00 00
6. Select **Mark** to set the beginning time
7. Choose **End Time** by scrolling arrows for clock or typing in the time into each box then press Enter (same as step 5) and press **Mark** again
8. Click on **Save** and rename the file. Choose which drive and folder you want to save it in and click Save at the bottom right of the window
9. Open saved file in Audition for any further editing
